Work whilst children are at home

There are useful links below for ideas of what to do with your children whilst they are at home. Also, find in this document a task sheet to print off for your children to do. We will endeavour to send out work ideas each week, hopefully via the new school website. 😊 We will text you once the new website goes live.

Although we will send you ideas, please do not feel under pressure to teach your children at home. Anything you can do with them will be beneficial but the number one priority is their health and happiness.

We are thinking of you all at this challenging time and we are so looking forward to welcoming everybody back to St. George's soon.

Mr P's Numeracy

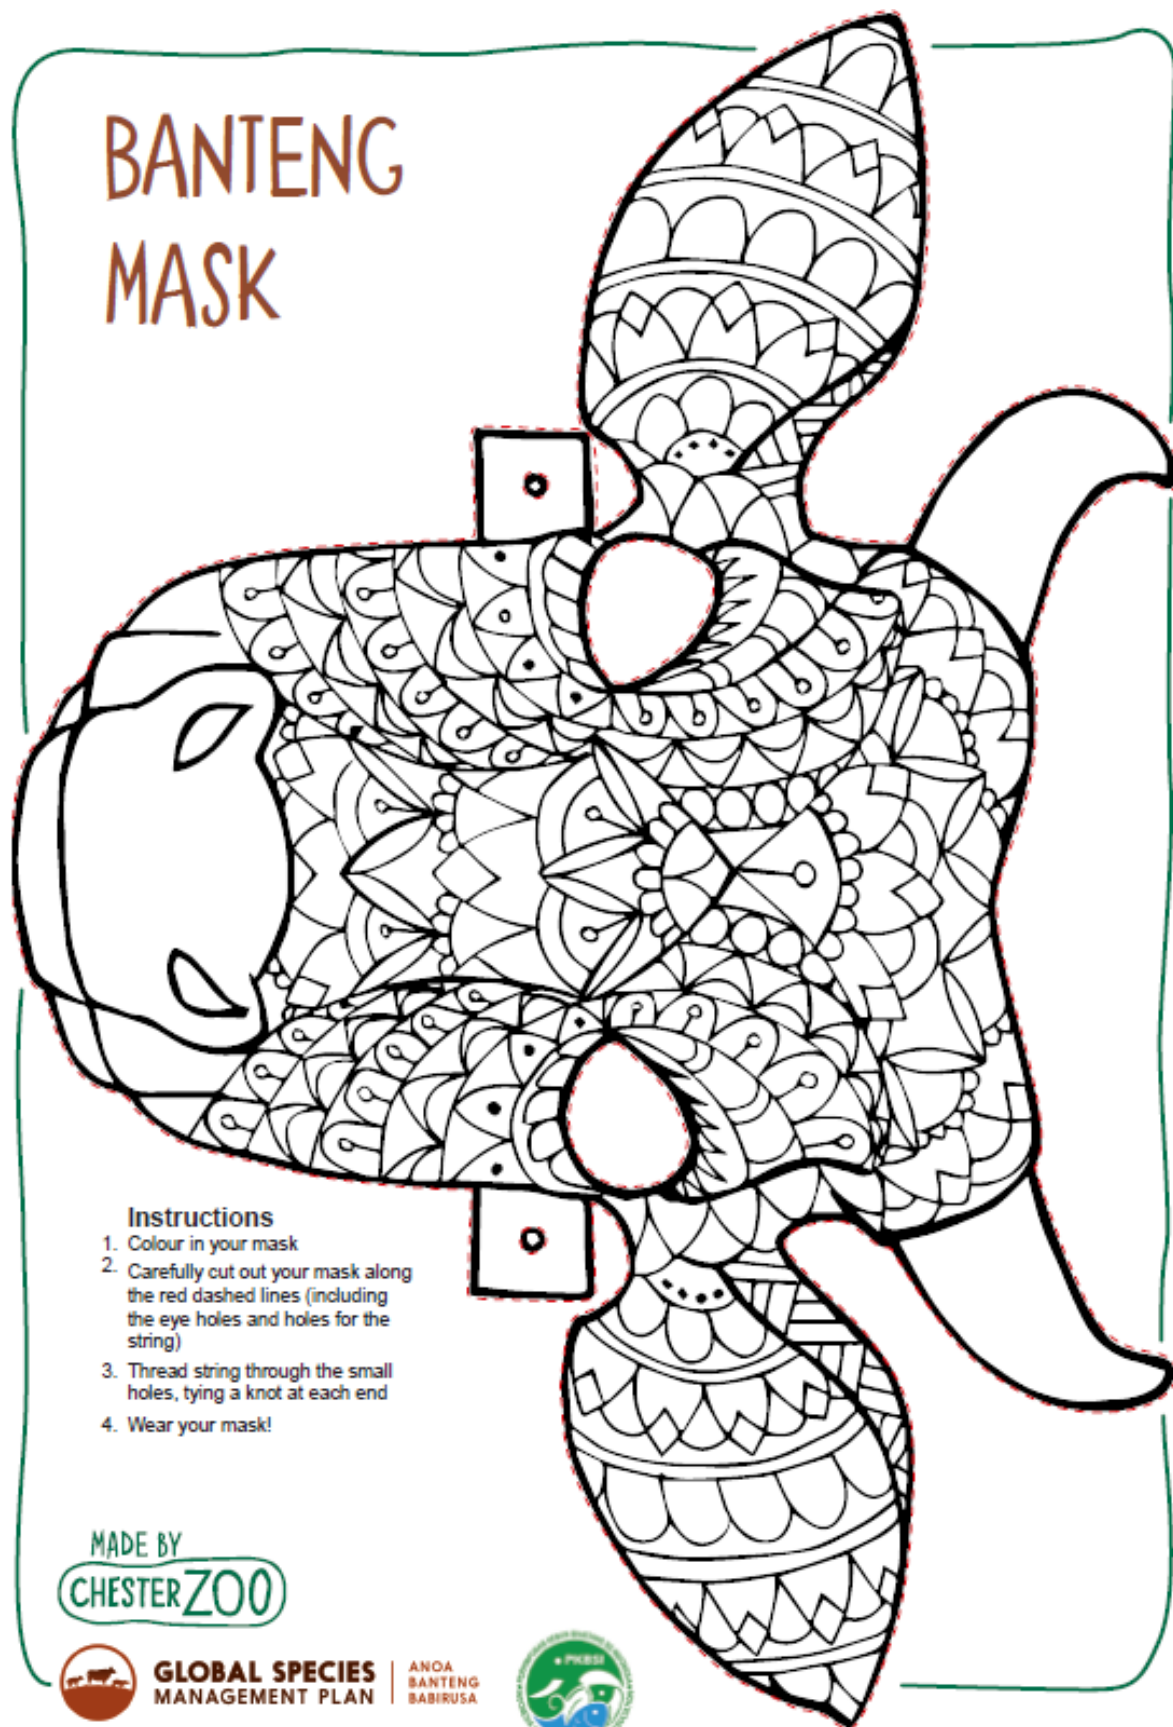

The Maths Factor website is now **FREE** for everyone (usually about £2 per week) to support children's' continued learning at home for the duration of the UK Schools closure period.

BANTENG MASK

Instructions

1. Colour in your mask
2. Carefully cut out your mask along the red dashed lines (including the eye holes and holes for the string)
3. Thread string through the small holes, tying a knot at each end
4. Wear your mask!
